

Kidco Labs presents  
**GO FISH!**  
**WEEK 2 - WIDE WORLD OF FISH - MEMORY VERSE**

**3-D PICTURE PUZZLE - MEMORY VERSE CHALLENGE**

These boxes make up a giant puzzle.  
When the sides are arranged correctly,  
they create an image.

When we give the signal, the first team  
will need to assemble this week's  
memory verse as quickly as possible.  
Then the other team will get a chance  
to beat the first team's time.

All flesh is not  
the same: Men  
have one kind  
of flesh, animals  
have another,  
birds another  
and fish another.
